

Hide and Sheep

The sheep are playing hide and seek with the farmer on the farm. Can the farmer piece together the sheep's clever clues to find their sneaky hiding spots?

Hide and Seek as a board game

1 All players except one play as the sheep and hide them in the slots under the locations on the farm.

2 The remaining player is the farmer and searches for the sheep.

3 The farmer asks about location symbols. The sheep reveal if they are hiding at a location with that symbol.

4 After each question, the farmer searches under one of the locations and finds a sheep... or another illustrated surprise!

Lift out Puzzle meets hiding

- Experience the puzzle game in a whole new way!
- Child-friendly fun and excitement without winners and losers
- Game rules for ages 4 and 8, as well as free exploration of the puzzle from age 2 and the hiding spots from age 3
